**Department of Health and Environment**

**Notice Concerning Proposed Kansas Air  
Quality Class I Operating Permit Renewal**

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Northern Natural Gas Company – Bushton Compressor Station has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Northern Natural Gas Company – Bushton Compressor Station, 1111 S. 103rd St., Omaha, NE 68124, owns and operates a natural gas compressor station located at 790 Ave. A, Bushton, Kansas.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the North Central District Office, 2501 Market Pl., Suite D, Salina, KS 67401. To obtain or review the proposed permit and supporting documentation, contact

Allan Ddamulira, 785-296-6024, at the central office of the KDHE or Joshua Webb, 785-827-9639, at the North Central District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the proposed permit to Allan Ddamulira, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday August 24, 2020.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Allan Ddamulira, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday August 24, 2020 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

**Notice Concerning Proposed Kansas Air Quality Construction Permit**

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality construction permit. Cobalt Boats, LLC has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300. Emissions of HAPs, VOC, PM were evaluated during the permit review process.

Cobalt Boats, LLC, 1701 N. 9th St., Neodesha, KS 66757, owns and operates boat manufacturing located at 1701 N. 9th St., Neodesha, KS 66757, at which a gel coat system is to be installed.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review from the date of publication during normal business hours at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southeast District Office, 308 W. 14th St., Chanute, KS 66720. To obtain or review the proposed permit and supporting documentation, contact Keaton Abeln, 785-296-8142, at the central office of the KDHE or Caitlin Brown, 620-860-7235, at the Southeast District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the proposed permit to Keaton Abeln, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, August 24, 2020.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Keaton Abeln, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, August 24, 2020 in order for the Secretary of Health and Environment to consider the request.

**Department of Health and Environment**

**Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Significant Modification and Construction Permit Modification**

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed significant permit modification of an air quality operating permit. The Empire District Electric Company has applied for a significant permit modification of the facility's Class I operating permit in accordance with the provisions of K.A.R. 28-19-513 et al. Only those provisions that are being revised by this permit action are open for comment at this time. Notice is also given that the Prevention of Significant Deterioration (PSD) construction permit dated July 11, 2013 (C-13534) is being modified.

The Empire District Electric Company, PO Box 127, Joplin, MO 64802, owns and operates an electricity generating facility located at 7240 SE K-66 Hwy., Riverton, Cherokee County, KS 66770.

A copy of the proposed significant permit modification, significant permit modification application, all supporting documentation, and all information relied upon during the significant permit modification application re-

*(continued)*

view process are available for public review during normal business hours at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southeast District Office, 308 W. 14th St., Chanute, KS 66720. To obtain or review the proposed significant permit modification and supporting documentation, contact Jason Heitman, 785-296-6024, at the central office of the KDHE, and review of the proposed permit only, contact Caitlin Brown, 620-860-7235, at the Southeast District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the documents to Jason Heitman, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final decision, written comments must be received no later than 12:00 p.m. Monday, August 24, 2020.

A person may request a public hearing be held on the proposed documents. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Jason Heitman, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, August 24, 2020 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on the objections to the significant permit modification that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period or unless the grounds for such objection arose after such period. Contact Keith Johnson, USEPA, Region VII, Air Permitting and Standards Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219, 913-551-7737, to determine when the 45-day USEPA review period ends and the 60-day petition period commences.

Secretary

Doc. No. 048306

**State of Kansas**

**Department of Health and Environment**

**Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the au-

thority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

**Public Notice No. KS-AG-20-153/162**

**Pending Permits for Confined Feeding Facilities**

Name and Address of Applicant	Legal Description	Receiving Water
Esslinger Ranch, Inc. 15788 Road E5 Norton, KS 67654	SE/4 of Section 21, SW/4 of Section 22 and NW/4 of Section 27 T03S, R22W Norton County	Solomon River Basin

Kansas Permit No. A-SONT-C002  
Federal Permit No. KS0097985

The proposed action is to modify and reissue an existing State/NPDES permit for a facility for 3,000 head (3,000 animal units) of cattle weighing more than 700 pounds. This permit is being modified to add a second cell to the south wastewater retention structure, and a new sediment basin and re-compact the liner of East RS. There is no change in the permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Henderson Ranch, LLC Dirk Henderson 5910 82nd St. Meriden, KS 66512	NE/4 of Section 9 T10S, R17E Jefferson County	Kansas River Basin

Kansas Permit No. A-KSJF-B012

The proposed action is to issue a new state permit for a facility for 979 head (979 animal units) of cattle weighing more than 700 pounds, and 10 head (20 animal units) of horses; for a total of 999 animal units. The facility will consist of 3 acres of open pens and a waste management system consisting of approximately 1.5 acres of vegetative buffer. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Goertzen Farms, LLC 1040 Falcon Newton, KS 67114	SW/4 of Section 18 T21S, R02E Marion County	Neosho River Basin

Kansas Permit No. A-NEMN-S021

The proposed action is to modify and reissue an existing state permit for a facility for 738 head (295.2 animal units) of swine weighing more than 55 pounds, 480 head (48 animal units) of swine weighing less than 55 pounds, 230 head (230 animal units) of cattle weighing more than 700 pounds, and 120 head (60 animal units) of cattle weighing less than 700 pounds; for a total of 633.2 animal units. This permit is being modified to add a new wastewater sediment basin, and new animal mortality compost area. There is no change in the permitted number of animal units from the previous permit.

Name and Address of Applicant	Legal Description	Receiving Water
Clark County Feed Yard, Inc. John Wilkey 461 CR I Minneola, KS 67865	All of Section 16 NW/4 of Section 15 and N/2 of Section 21 T31S, R25W Clark County	Cimarron River Basin

Kansas Permit No. A-CICA-C002  
Federal Permit No. KS0115401

The facility consists of approximately 138.3 acres of open lot pens, feed roads and alleys, manure storage area, extraneous area, and other associated feedlot areas for the maximum capacity of 13,450 head (13,450 animal units) of cattle weighing greater than 700 pounds. The waste management system includes three diversion channels, four sediment basins, and four earthen retention control structures. The facility is separated into the following four drainage areas.

Name and Address of Applicant	Legal Description	Receiving Water
Triangle H 1955 W. Plymell Rd. Garden City, KS 67846	NE/4 of Section 5 T26S, R32W Finney County	Upper Arkansas River Basin

Kansas Permit No. A-UAFI-C025  
Federal Permit No. KS0096016

This is a renewal permit for an existing facility for 4,000 head (4,000 animal units) of cattle weighing more than 700 pounds. There is no change in the permitted animal units. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Emporia Livestock Sales Brody Peak 502 Albert St. Emporia, KS 66801	NW/4 of Section 16 T19S, R11E Lyon County	Neosho River Basin

Kansas Permit No. A-NELY-B010

This is a renewal permit for an existing public livestock market with an average capacity of 48 animal units of cattle. The facility consists of approximately 8.3 acres of open lot pens, alleys, and manure storage area; various buildings, a concrete sediment basin and grass buffers. There has been a decrease in animal numbers since the last permit.

Name and Address of Applicant	Legal Description	Receiving Water
Linsey Dairy Ronald D. Linsey 785 25th Rd. NW Lebo, KS 66856	NE/4 of Section 23 T19S, R14E Coffey County	Neosho River Basin

Kansas Permit No. A-NECF-M001

The proposed action is to reissue an existing state permit for an existing facility for 70 head (98 animal units) of mature dairy cows. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Syracuse Dairy, LLC 751 SE CR 36 Syracuse, KS 67878	SE/4 of Section 25, E/2 & NW/4 of Section 36 T26S, R41W and SW/4 of Section 30, NW/4 of Section 31 T26S, R40W Hamilton County	Cimarron River Basin

Kansas Permit No. A-CIHM-D001  
Federal Permit No. KS0090638

This is a renewal permit for an existing facility for a maximum permitted capacity of 10,700 head (14,980 animal units) of mature dairy cows weighing greater than 700 pounds. This is a decrease in the permitted number of animal units. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water

Kansas Permit No. A-UAHG-C004  
Federal Permit No. KS0085413

An update to the Nutrient Management Plan (NMP) was received for this existing facility currently permitted for 4,950 head (4,950 animal units) of cattle weighing greater than 700 pounds. The facility's NMP was updated to include a change in the application rate limitation for 6 fields to a less restrictive application rate. There are no changes to the permit or in the permitted number of animal units. Only the updated portions of the Nutrient Management Plan are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Rocking Heifer, LLC Andy Smaltz 8068 W. Buchanan Rd. Middleton, MI 48856	SW/4 of Section 15 and NW/4 of Section 22 T27S, R37W Grant County	Cimarron River Basin

Kansas Permit No. A-CIGT-C005  
Federal Permit No. KS0093670

An update to the Nutrient Management Plan (NMP) was received for this existing facility currently permitted for 24,000 head (24,000 animal units) of cattle weighing greater than 700 pounds. The facility's NMP was updated to include a change in the application rate limitation for 4 fields to a less restrictive application rate, and a change in the methodology used to calculate application rates. There are no changes to the permit or in the permitted number of animal units. Only the updated portions of the Nutrient Management Plan are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

**Public Notice No. KS-Q-20-124/130**

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g), and Federal Surface Water Criteria.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Auburn, City of PO Box 160 Auburn, KS 66402	Wakarusa River via Unnamed Tributary	Treated Domestic Wastewater

Kansas Permit No. M-KS03-0002  
Federal Permit No. KS0094650

Legal Description: NW¼, NW¼, SE¼, S24, T13S, R14E, Shawnee County, Kansas

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is a three-cell wastewater stabilization lagoon system. The proposed permit includes a schedule of compliance to achieve compliance in meeting effluent limits for ammonia, and to submit an individual variance or upgrade the existing wastewater treatment system. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, and E. coli, as well as monitoring for pH.

Kansas Permit No. I-MC31-PO04  
Federal Permit No. KS0079804

Legal Description: NE¼, SW¼, S35, T16S, R19E, Franklin County, Kansas

Facility Name: Ottawa Municipal Power Plant

Facility Address: 800 W. 2nd St., Ottawa, KS 66067

This facility is a peaking electrical generating station used for peaking and emergency power. The facility operated a total of 5 generating units. The STAG (steam and gas turbine) unit cooling tower and the dual fuel internal combustion units cooling tower are manually drained and monitored separately. The remainder of all process flows is directed to the facility floor drain system that goes into the oil/water separator. Wastewater discharges to the oil/water separator consist of automatic cooling tower blowdowns from the STAG and dual fuel internal combustion engine units, boiler blowdown, miscellaneous low volume flows that drain to floor drains throughout the facility, and stormwater runoff. The proposed permit contains limits for free available oxidant, pH, whole effluent toxicity, priority pollutants, total suspended solids, and oil and grease, as well as monitoring for flow and temperature.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367.

All comments regarding the draft documents or application notices received on or before August 22, 2020, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-20-153/162, KS-Q-20-124/130) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Notice of Hearing (Rescheduled)

A public hearing previously scheduled for August 11, 2020, has been rescheduled to be conducted at 1:00 p.m. Tuesday, August 25, 2020, in the Azure Conference Room of the Curtis State Office Building, 4th floor, 1000 SW Jackson St., Topeka, Kansas, to discuss the 2021 Intended Use Plans for the Kansas Public Water Supply Loan Fund (KPWSLF) and the Kansas Water Pollution Control Revolving Fund (KWPCRF). These Intended Use Plans will make additions to the Project Priority List of each program and include estimates and uses of anticipated capitalization grants from EPA. Copies of the draft IUPs can be obtained online at [www.kdheks.gov/pws/loansgrants/loanfunddocumentsadministration.html](http://www.kdheks.gov/pws/loansgrants/loanfunddocumentsadministration.html).

Any individual with a disability may request accommodation to participate in the public hearing. Requests for accommodation should be made at least five working days before the hearing by contacting Linda White at 785-296-5514.

Comments can be presented at the hearing or in writing prior to the hearing. Due to the uncertainty of gathering restrictions that may be in effect at the time and location of the scheduled public hearing, written comments are strongly encouraged. Written comments should be addressed to William Carr, Bureau of Water, Kansas Department of Health and Environment, 1000 SW Jackson St, Suite 420, Topeka, KS 66612.

Wichita State University

Notice of Intent to Lease Land and/or Building Space

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space. The university will consider leasing such property and/or space to those whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, or otherwise provide supporting services and amenities to the campus community (such as restaurants, retail establishments, financial institutions, etc.). Because tenant use must be a good fit with the university's educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs and desired lease term and location; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students, and the WSU community (e.g. applied learning, joint research, faculty start-up, etc.). The university will consider serious offers and inquiries from any financially qualified individual, group, organization, or company. If interested, please contact Vice President for Research &

### Department of Transportation

#### Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. (CST) August 19, 2020. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 SW Harrison, Topeka, Kansas, at 2:00 p.m. (CST) August 19, 2020. An audio broadcast of the bid letting is available at <http://www.ksdot.org/burconsmain/audio.asp>.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

#### District One – Northeast

**Leavenworth** – 92-52 KA-5619-01 – K-92, bridge #026 over the Missouri River located just east of Union Pacific Railroad and East Dakota Street, bridge. (State Funds)

**Wyandotte** – 169-105 KA-5613-01 – U.S. 169, bridges #072 and #287 over the Kansas River and railroad yard

located 0.55 mile north of I-35 in Kansas City, bridge repair. (Federal Funds)

**Statewide** – 69-106 KA-4744-01 – U.S. 69, U.S. 56 and U.S. 169; in Johnson and Wyandotte counties, signing, 9.7 miles. (Federal Funds)

**Statewide** – 106 KA-5837-01 – Various locations in District One in the counties Johnson, Wyandotte, Leavenworth, Atchison, Jackson, Jefferson, Osage, Lyon, Pottawatomie, Riley, and Marshall, milling. (State Funds)

#### District Four – Southeast

**Franklin** – 33-30 KA-3951-01 – K-33, Bridge #064 over the Burlington Northern and Santa Fe Railway located 0.79 mile north of the I-35/K-33 junction in the City of Wellsville, bridge replacement. (Federal Funds)

**Wilson** – 400-103 KA-5048-02 – U.S. 400, from the Wilson/Greenwood county line east to the K-47 junction, guard fence, 12.0 miles. (Federal Funds)

#### District Five – South Central

**Butler** – 54-8 KA-5605-01 – U.S. 54, from the east city limits of Augusta east to the U.S. 54/K-77/U.S. 400 junction, 4-inch overlay, 7.0 miles. (Federal Funds)

**Rush** – 83 C-4932-01 – Various major collector roads including RS587, RS44, RS585, RS584 and RS524 in the county, pavement marking, 42.0 miles. (Federal Funds)

#### District Six – Southwest

**Hodgeman** – 42 C-4964-01 – Major and minor collector roads in the northeast quarter of the county and RS 313, signing, 50.0 miles. (Federal Funds)

**Ness** – 04-68 KA-4049-01 – K-4, from the west city limits of Brownell east to the east city limits, grade and surfacing, 0.3 mile. (Federal Funds)

**Statewide** – 160-106 KA-4749-01 – K-34, U.S. 283 and U.S. 160, signing, 57.5 miles. (Federal Funds)

**Statewide** – 106 KA-4749-02 – U.S. 283, K-147 and K-4 in Ness, Lane, Trego, and Rush counties, signing, 56.8 miles. (Federal Funds)

**Statewide** – 106 KA-5698-01 – Various locations in District Six in the counties Kearny, Grant, Stanton, Morton, Finney, Haskell, Ford, Gray, Clark, and Hodgeman, milling. (State Funds)

## State of Kansas

### Department of Transportation

#### Request for Proposals

The Kansas Department of Transportation (KDOT) is seeking qualified consulting engineering firm(s) for the projects listed below. Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following categories: (a) category 211 Highway Design Major Facility; (b) category 212 Highway Design Minor Facility; (c) category 221 Non-Standard Span Bridge Design; and (d) category 222 Standard Span Bridge Design. Consultants may create a team

to meet the prequalification requirements. A PDF must be emailed to David Lutgen, P.E., Contracts Engineer at [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov). The subject line of the reply email and the file name must read "KDOT FY23 Bridge Design\_FIRM NAME." Request for Proposals (RFPs) must be received by 12:00 p.m. July 31, 2020 for the consulting firm to be considered.

If a firm is not currently prequalified by KDOT a response may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms may use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/designcons.asp>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules and regulations.

**Background and Scope of Projects**

The FY '23 Bridge Replacement and Removal Design (FY23 Bridge) are T-Works projects scheduled for letting in FY 2023 (July 2022 – June 2023). KDOT intends to select the most highly qualified firms to perform professional services associated with the design of these bridge projects. The bridges are packaged into groups, each group includes two to four bridge projects. Bridge Groups and KDOT project numbers are included in Table 1. Firms can submit on any and all Bridge Groups and may express preference(s) for up to three Bridge Groups; however, there is no guarantee that a firm will be selected for any Bridge Group or any expressed preference(s). Available details for each project, such as as-builts, traffic analysis, and bridge inspection information can be downloaded from: <https://secftp.ksdot.org/public/file/CSp7DvdzQkiuN77nfx7hA/FY%2023%20Bridge%20Project%20Info%20for%20RFP.zip>

The files will be available for seven calendar days from the time of RFP release. Contact David Lutgen, P.E. at [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov) for questions.

**Table 1: FY23 Bridge Groups and Projects**

7	KA-3888-01	US160 HWY	HARGIS CREEK
	KA-3898-01	ENTRANCE LEFT	CROOKED CREEK

The scope of the services will vary for each project and may include a bridge type selection, bridge design, road design, traffic engineering, hydrology/hydraulics, designer construction services, and permitting assistance for some projects. Survey will be completed for most projects by Notice to Proceed. Geotech will be provided by KDOT early in the project development. The project scopes include:

- Visit the project site location.
- Perform preliminary road and bridge design for plans to field check, to include determining the size, type, and location of the proposed bridge.
- Develop final plans.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide construction cost estimates bi-annually as well as at every major project milestone.

**Special Conditions**

**PMC:** These projects are being managed by a Project Manager Consultant (PMC) on behalf of KDOT. The PMC will be the primary contact for the selected firms.

**Schedule Reporting:** Project schedules will be developed during project negotiation. A basic schedule template, prepared by the PMC, will be reviewed and specific dates will be defined by the consultant in order to achieve the critical milestones. Monthly schedule progress reports and updates will be required throughout the project from the consultants and reviewed with the PMC to track progress for KDOT.

**Quality Control:** Consultants will be required to provide a Quality Control (QC) plan at project kick-off. QC audits will be conducted by the PMC throughout the project. The audits will check compliance with the consultant's QC plan.

**Schedule**

These projects must be let in FY 2023, therefore the design activities must be scheduled to deliver complete plans between July 2022 and December 2022. These projects may follow an accelerated delivery schedule with some submittals required earlier than a typical KDOT design project to meet the letting requirements.

**Response Format and Organization**

The following outline is the expected submittal organization, content, and page length for the technical proposals for each Bridge Group. Duplication of content in technical proposals is expected.

*(continued)*

	Content	Pages
Consultant Bridge Group Preferences	FY23 Bridge Projects Form	1 page
Overview	<ul style="list-style-type: none"> <li>• Qualifications and Experience                             <ul style="list-style-type: none"> <li>◦ Project Manager for the Group (and for each project, if needed)</li> <li>◦ Names, qualifications, education, training, and expertise of proposed team members</li> </ul> </li> <li>• Past Performance on similar projects, including references and contact information</li> <li>• Group Delivery Process                             <ul style="list-style-type: none"> <li>◦ Approach to schedule</li> <li>◦ Quality control process</li> </ul> </li> </ul>	2 pages
Project Approach	Highlight concepts for cost-effective and optimized solutions for projects in each Bridge Group on which the Consultant is proposing. Include unique qualifications or experience that may inform the selection of firms and assignment of Bridge Groups.	1-2 pages per Bridge Group

**Selection Process**

Per standard KDOT consultant selection process, consultants will be selected from the technical proposal submitted for each Bridge Group and awarded all projects in that Bridge Group(s). Selected consultants will proceed quickly through scoping, fee negotiation, and NTP. Each project within a Bridge Group will be contracted separately. Fee negotiation will include estimates for preliminary engineering and final design; there will not be a contract pause for final design negotiation after field check.

Respondents selected for these projects will not be precluded from selection for KDOT IKE Program management consultant or US-69 project management consultant.

Technical proposals will be evaluated based on the factors listed below to select the most qualified firms. All evaluation factors are weighted equally.

- Qualifications and experience
- Past performance
- Group delivery process: approach to schedule
- Group delivery process: approach to quality control
- Project group approach: unique qualifications and solutions
- Familiarity with KDOT design standards and project area

The KDOT Consultant Selection Committee will select the most highly qualified firms expressing interest based on qualifications and experience, past performance, group delivery process, project group approach, and familiarity with KDOT design standards and project area. The PMC will not be on the KDOT Consultant Selection Committee.

The selected firms will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with a selected firm, it will terminate negotiations and commence negotiations with the next highest ranked firm, and so on, until either

agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

The firm’s accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records which will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Questions may be submitted to [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

Kris Norton, P.E.,  
PMC Coordinating Engineer

Doc. No. 048296

**State of Kansas**

**Department of Revenue  
Division of Property Valuation**

**Directive #20-046**

**Scope of Work and Substantial Compliance**

This directive is adopted pursuant to the provisions of K.S.A. 79-505 and shall take effect and be in full force from and after its publication in the Kansas Register.

The following criteria and standards shall be used for appraisals developed in the 2021 valuation cycle (in preparation for January 1, 2021 valuation date) and subsequent years to determine whether a county is in substantial compliance with the statutory requirement to uniformly appraise real and personal property at its fair market value, as defined by K.S.A. 79-503a, and amendments thereto. To establish compliance or lack of compliance in each county, the Division of Property Valuation (PVD) shall conduct a ratio study to develop statistical performance measures as required by K.S.A. 79-1485 *et. seq.* PVD shall conduct a procedural audit in each county covering items deemed essential to establishing fair market value. PVD shall determine whether specific Kansas statutes pertaining to property taxation have been followed. In accordance with K.S.A. 79-1445, PVD will publish annually a list of the substantial compliance results for each county.

**Criteria and Standards**

The annual substantial compliance process uses an objective scoring system that PVD has developed to evaluate completion of key mass appraisal steps, accomplishment of assessment administration functions, and achievement of accuracy standards in each county. Points are awarded when a county meets minimum statistical performance measures, documentation is verified to confirm that mass appraisal procedures have been followed, and statutory requirements have been met. A maximum score of 100 is possible. A county must achieve a minimum score of 75 to attain substantial compliance.

Any county achieving a score less than 75 shall be found in noncompliance and may be required to submit a detailed plan to correct areas of noncompliance.

Substantial compliance is based upon ratio study performance measures, an audit of procedural steps required to develop a credible mass appraisal, and verification that important statutory mandates have been met. The ratio study conducted by PVD is used to verify that overall value conclusions meet minimum standards of reasonableness, consistency and accuracy. Refusal by county officials to cooperate in the ratio study may result in a noncompliance order. The procedural steps are tied to Kansas statutes and regulations, the International Association of Assessing Officers (IAAO) Standard on Mass Appraisal and the Uniform Standards of Professional Appraisal Practice (USPAP). Refusal by a county or district appraiser to perform any procedural step may result in a noncompliance order. Kansas statutes require critical functions to be performed and annual processing deadlines to be met by the county or district appraiser.

Refusal to comply with any statutory requirement may result in a noncompliance order.

If a county is determined to be in noncompliance, the director may pursue all legal options, including, but not limited to, proceedings before the Board of Tax Appeals and/or the removal of the county or district appraiser from office. PVD may require the county to submit a detailed plan to correct areas of non-compliance. A PVD audit of all property tax functions and responsibilities may be initiated if the county does not implement its approved plan or the plan is ineffective in bringing the county back into compliance.

The director may include an administrative note on the final report if a county fails to achieve industry standard ratio study performance measures. Counties receiving an administrative note may be required to submit a plan to correct the area or areas not meeting the basic statistical standards.

The Compliance Scorecard along with the points possible follows:

1. STATISTICAL MEASURES COMPLIANCE REVIEW (50 points)

Statistical compliance for the residential and commercial/industrial subclasses shall be determined separately. A maximum of 50 ratio study compliance points are possible for a county that achieves the median ratio (25 points) and COD (25 points) performance goals through statistical point estimates in both subclasses. Subclass points shall be weighted by the percentage of appraised value within the combined subclasses, as derived from the most recent statistical abstract. The percentage of appraised value, divided between the residential and commercial/industrial subclass will be shown at the top of the form. These percentages will be used to develop the point weighting for each statistical measure in the two subclasses. Subclass weights are expected to vary from county to county and from year to year.

The following is an example of the weighting procedure:

Subclass	Appraised Value	Percent of Total Appraised Value
Residential	\$250,000,000	84.7
Commercial/Industrial	\$45,000,000	15.3
Total Appraised Value	\$295,000,000	100.0

Subclass	Percent of Appraised Value (weighted)	Compliance Points Possible	Weighted Points	Points Received
<b>1. Statistical Measures</b>				
<b>Residential</b>				
Appraisal Level	84.7	25	21.2	
Appraisal Uniformity	84.7	25	21.2	
<b>Commercial/Industrial</b>				
Appraisal Level	15.3	25	3.8	
Appraisal Uniformity	15.3	25	3.8	
<b>Statistical Compliance Points</b>			50.0	

- Sum the residential and commercial/industrial appraised value  
 $(\$250,000,000 + \$45,000,000 = \$295,000,000)$
- Divide each subclass appraised value by the total appraised value.  
 $\$250,000,000 / \$295,000,000 = 84.7$  percent (Residential)  
 $\$45,000,000 / \$295,000,000 = 15.3$  percent (Commercial-Industrial)
- Multiply the percent of appraised value (weighted) by the compliance points possible in each subclass for both the median ratio and COD.  
 $.847 \text{ times } 25 = 21.2$   
 $.847 \text{ times } 25 = 21.2$   
 $.153 \text{ times } 25 = 3.8$   
 $.153 \text{ times } 25 = 3.8$

If the statistical point estimate for the median ratio or COD does not meet the minimum ratio study performance goals, the confidence intervals will be examined. 95% confidence intervals will be used for sample sizes greater than five (5), 90% confidence intervals for a sample size of five (5), 85% confidence intervals for a sample size of four (4) and 70% confidence intervals for a sample size of three (3). If the confidence interval fails to reach or overlap the statistical performance goal, the compliance points allocated to the subclass and statistical measure in question will be lost. If the confidence interval reaches or overlaps the minimum performance goal, the points allocated to the statistical measures for that subclass shall be subtracted from the total compliance points, thereby establishing a new base for total possible points. If the sample size for the subclass is less than 3, the points allocated to the statistical measures for that subclass shall be subtracted from the total compliance points, thereby establishing a new base for total possible points. The total points assigned to a county shall be divided by the adjusted base, total possible, and multiplied by 100 to arrive at the total score used to determine substantial compliance. This method will shift more emphasis to the procedural review and statutory components.

The following sales ratio study review shall be used to establish whether the county's appraisal performance measures are in statistical compliance, pursuant to minimum standards established by PVD (see Compliance Scoring Example).

a. Appraisal Level

The median ratio measure of central tendency must suggest the overall level of appraised value for a subclass falls between 90 and 110 percent.

If the median ratio point estimate does not fall within the compliance range, confidence interval estimates shall be developed to provide an indication of reliability. If, at the 95% level of confidence, the subclass reaches or overlaps a portion of the prescribed range, the appraisal level shall not be found out of statistical compliance.

For example, a ratio study subclass with a sample size of 30:

Median ratio: 85.0 95% Confidence interval: 80.0 to 90.0 would be considered in statistical compliance because it reaches the lower end of the acceptable standard of 90.0 to 110.0 percent.

Median ratio: 85.2 95% Confidence interval: 80.0 to 89.9 would not be considered in statistical compliance because it does not reach the lower end of the acceptable standard of 90.0 to 110.0 percent.

Median ratio: 97.7 95% Confidence interval: 80.0 to 115.0 would be considered in statistical compliance because the point estimate is within the required range and the confidence interval overlaps the entire acceptable range of 90.0 to 110.0 percent.

Median ratio: 114.995% Confidence interval: 110.0 to 120.0 would be considered in statistical compliance because the lower end reaches the acceptable range of 90.0 to 110.0 percent.

Median ratio: 115.295% Confidence interval: 110.1 to 120.0 would not be considered in statistical compliance because the lower end (110.1) does not reach the acceptable range of 90.0 to 110.0 percent.

b. Appraisal Uniformity

The average deviation of ratios about the median appraisal level shall be measured by the coefficient of dispersion (COD). The COD measure must suggest a deviation of 20.0 or less for the residential subclass and the commercial/industrial subclass to achieve statistical compliance. If a subclass fails to meet this goal, confidence interval estimates shall be developed about the COD. If the range estimate for the subclass includes a COD of 20.0 or less at the 95% level of confidence, appraisal uniformity shall not be found out of statistical compliance.

For example:

COD: 18.0 95% Confidence interval: 13.0 to 22.0

This example is not considered out of compliance because the COD point estimate is less than 20.0. The confidence interval does suggest, however, there is a small probability the true COD could be greater than 20.0, due to sampling error.

COD: 30.0 95% Confidence interval: 22.0 to 38.0

This example is considered out of compliance because the COD point estimate is 30.0 and the lower range of the 95% confidence interval does not fall below 20.0 (the maximum limit for compliance).

COD: 22.0 95% Confidence interval: 17.0 to 26.0

This example is not considered out of compliance although the COD point estimate is 22.0. Due to sampling error, it is probable that the true COD is somewhere within the range of 17.0 to 26.0 at the 95% level of confidence. The county would not fail the compliance test because of insufficient statistical confirmation. The lower end of the confidence interval does fall below 20.0 (the maximum limit for compliance).

c. Sample Size

If less than six valid sales are collected for a subclass during the study period, valid sales within the same subclass from the four previous study periods may be included to develop a larger and more reliable sample for analysis.

If less than three valid sales are available in a subclass sample, ratio study performance measures will not be used to determine statistical compliance. The points allocated to the statistical measures for that subclass shall be subtracted from the total compliance points, thereby establishing a new base of total possible points.

If more than half the sales in a subclass sample have been validated from a previous appraisal year ratio study, performance measures will not be used to determine statistical compliance. The points allocated to the statistical measures for that subclass shall be subtracted from the total compliance points, thereby establishing a new base of total possible points.

*(continued)*

## 2. PROCEDURAL COMPLIANCE REVIEW (42 points)

The following procedural review is designed to establish whether the county's appraisal performance meets the substantial compliance standards. The county or district appraiser must be competent to perform the required appraisal functions required by Kansas statutes, the Uniform Standards of Professional Appraisal Practice, PVD manuals, PVD guidelines and PVD directives. Selection of a private firm whose services are necessary to perform mass appraisal assignments, develop components of a mass appraisal, provide technical appraisal services, or complete project maintenance phases must be made from a list of approved firms supplied by the director of property valuation in accordance with Directive #12-045 (see Compliance Scoring Example).

### a. Scope of Work Appraisal Plan (4 points)

The county or district appraiser shall prepare an annual Scope of Work (SOW) appraisal maintenance plan. A copy of the preliminary plan shall be submitted electronically to PVD by April 30 of each year, detailing the maintenance plan for the current calendar year and in accordance with the Revaluation Maintenance Specifications. The preliminary plan must include a copy of the budget that supports the project.

The SOW is an ongoing process in a mass appraisal assignment. Significant changes during the assignment should be noted in the working SOW document. A copy of the final SOW document, including the signed SOW certification shall be submitted electronically to PVD within 30 days of the appraiser's certification of the appraisal roll to the county clerk as mandated in K.S.A. 79-1466. Four (4) points are allocated. 2 points allocated for timely submission of the SOW document and 2 points shall be allocated for timely submission of the Quarterly Reports required by K.S.A. 79-1479.

### b. Sales File (4 points)

PVD shall verify that the county has a sales file that documents the validity of sales, field inspection of data and sales price adjustments in accordance with the Revaluation Maintenance Specifications and PVD sales validation guidelines. Both physical and computer files must be continually maintained and updated on a regular basis.

### c. Parcel Maintenance Inspection (4 points)

PVD shall verify the county has performed the required data collection reinspection in accordance with the Revaluation Maintenance Specifications. Field review documentation must be detailed on the field review document showing the data collection changes, quality assignment, and depreciation application. Quality control activities must also be documented. All reinspection activity must have an inspection history record entered into the CAMA system showing the reviewer name, inspection date, and process code to adequately indicate the purpose of the review. – Five (5) points are allocated over two (2) independent phases. Re-inspection is 3 points and QC is 1.

### d. Land Valuation Model Calibration (5 points)

PVD shall verify that the county has developed and calibrated land valuation models in accordance with the Revaluation Maintenance Specifications. Neighborhood analysis forms, analysis documentation, and data summary must be complete to be considered in compliance. PVD shall also confirm land pricing tables have been updated. A market analysis for agricultural land must also be documented. All overrides to land valuation models must be documented. Deviations from model assignments must be documented. Five (5) points are allocated over four (4) independent phases.

### e. Construction Cost Multiplier Analysis (2 points)

If the county deviates from the current cost valuation system, PVD shall verify the county has a current residential and/or commercial/agricultural construction cost multiplier analysis in accordance with the Revaluation Maintenance Specifications. If the county recognizes a deviation from the current cost valuation system, cost tables must be updated to reflect the study. Deviation from the current cost valuation system without documentation will result in the loss of two points for the applicable property type. Sales of newly constructed properties may be used in the analysis for actual construction cost when appropriate. Two (2) points are allocated for this phase. 1 point for residential and 1 point for commercial are the point allocations.

### f. Depreciation Analysis (12 points)

PVD shall verify the county has developed a depreciation analysis in accordance with the Revaluation Maintenance Specifications and PVD sales validation guidelines that utilizes all available valid sales. The county must include appropriate statistics, graphics reports and statistical analyses to test percent good calibration assignments. All forms of depreciation must be documented. The county must update percent good tables, if appropriate, with the results of the yearly analysis. Deviations from model assignments must be documented. This phase is inclusive of all structure types requiring depreciation. Twelve (12) points are allocated over nine (9) independent phases.

### g. Income Approach (5 points)

PVD shall verify the county has made an attempt to collect current I&E data to develop or attempt to develop income models to value appropriate properties. The appraiser must document all I&E, cap rate, and effective tax rate analysis and conclusions must match Orion tables. Deviations from model assignments and all overrides must be documented. Five (5) points are allocated over four (4) independent phases. Comparable Sales Approach (2 points)

### h. Comparable Sales Approach (2 points)

PVD shall verify the county has developed a sales comparison approach to value by analyzing the relationship between the sales prices and the real property characteristics. The county must document all

sales approach analysis, model specification, model calibration and conclusions in accordance with the Revaluation Maintenance Specifications. Deviations from model assignments must be documented.

i. Final Review Process (4 points)

PVD shall verify that the county has performed the final review of values in accordance with the Revaluation Maintenance Specifications. The county must document the date and person performing the final review. All deviations beyond the PVD specified threshold must be documented. Four (4) points are allocated over four (4) independent phases.

3. AGRICULTURAL USE VALUATION (6 points)

PVD shall verify that the county has met the review/inspection requirements for current agricultural use and influence factors in accordance with the Revaluation Maintenance Specifications. The county must identify current use of agricultural land, which includes cropland, grassland, irrigated land, waterways, non-productive land, and farm home sites. Agricultural use values issued annually by PVD must be updated into the CAMA system (see Compliance Scoring Example). Use of published Division of Water Resource Report will be verified. Six (6) points are allocated over five (5) independent phases.

4. CADASTRAL MAPPING (2 points)

PVD shall verify that accurate property ownership maps are being maintained in accordance with the Revaluation Maintenance Specifications. Updated field maps (showing new plats, splits, and combinations), an updated assessment administration file and adherence to the parcel definition must be maintained (see Compliance Scoring Example).

5. STATUTORY COMPLIANCE No points allocated; 5 points deducted for non-compliance of each statutory requirement.

The following review areas are to establish whether the county is following Kansas statutes not previously covered (see Compliance Scoring Example). No points are allocated to these line item entries but point deductions are possible if requirements are not met.

- a. A real estate value trend study is published in the official county newspaper and on the official county website, if the county maintains a county website, at least ten business days prior to the mailing of the CVN's (K.S.A. 79-1460a). Change of value notices are mailed on or before the statutory deadline, provided an extension has not been granted pursuant to K.S.A. 79-1404, *Seventeenth*, or an alternate form of notification approved pursuant to K.S.A. 79-1460 (K.S.A. 79-1460).
- b. Informal hearings are held within statutory time-frame, provided an extension has not been granted pursuant to K.S.A. 79-1404, *Seventeenth* (K.S.A. 79-1448).
- c. Values are certified to county clerk by statutory deadline, provided an extension has not been granted pursuant to K.S.A. 79-1404, *Seventeenth* (K.S.A. 79-1466 and 79-1467).

- d. Personal property is listed as required and penalties applied where applicable (K.S.A. 79-306 and 79-1422; K.S.A. 79-332a).
- e. The preservation and protection of all property tax records (K.S.A. 45-403).
- f. Valuation Guides prescribed by the Director of Property Valuation are adhered to (K.S.A. 79-1456)

Approved July 16, 2020.

David N. Harper, Director  
Division of Property Valuation

Doc. No. 048317

State of Kansas

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Monday, August 10, 2020, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

**Project No. 001066 Maximum Principal Amount: \$350,700.** Owner/Operator: Frank J. and Brenda L. Staggenborg; Description: Acquisition of 167 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Frank J. and Brenda L. Staggenborg (the "Beginning Farmer") and is located at the North Half of Section 30, Township 2, Range 8, Marshall County, Kansas, approximately 2.25 miles east and 1 mile north of Marysville, Kansas.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

As part of ongoing efforts to limit the spread of novel coronavirus in Kansas, interested individuals are encouraged to participate in the public hearing via conference call. Please call toll free number 866-620-7326 and use conference identification number 159 722 1260 followed by # to join the hearing.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the  
*(continued)*

proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

Rebecca Floyd  
President

Doc. No. 048320

(Published in the Kansas Register July 23, 2020.)

**Ellis County, Kansas**

**Summary Notice of Bond Sale  
\$5,485,000\*  
General Obligation Bonds, Series 2020**

**(General Obligation Bonds Payable  
from Unlimited Ad Valorem Taxes)**

**Bids**

Subject to the Notice of Bond Sale dated June 15, 2020 (the "Notice"), facsimile bids, written bids submitted by email, and electronic bids will be received on behalf of the Clerk of Ellis County, Kansas (the "Issuer") in the case of written or facsimile bids, at the address set forth below, and in the case of electronic bids, through PARITY® until 11:00 a.m. (CST) August 10, 2020, for the purchase of the above-referenced bonds (the "Bonds"). No bid of less than 99% of the principal amount of the Bonds and accrued interest thereon to the date of delivery will be considered.

**Bond Details**

The Bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will be dated August 26, 2020, and will become due on September 1 in the years as follows:

Year	Principal Amount*	Year	Principal Amount*
2021	\$515,000	2026	\$550,000
2022	520,000	2027	560,000
2023	525,000	2028	570,000
2024	535,000	2029	580,000
2025	540,000	2030	590,000

The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 2021.

**Book-Entry-Only System**

The Bonds shall be registered under a book-entry-only system administered through DTC.

**Paying Agent and Bond Registrar**

Treasurer of the State of Kansas, Topeka, Kansas.

**Good Faith Deposit**

Each bid shall be accompanied (in the manner set forth in the Notice) by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States of America or a wire transfer in Federal Reserve funds immediately available for use by the Issuer in the amount of \$109,700.

**Delivery**

The Issuer will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about August 26, 2020, to DTC for the account of the successful bidder.

**Assessed Valuation and Indebtedness**

The Equalized Assessed Tangible Valuation for Computation of Bonded Debt Limitations for the year 2020 is \$425,913,644. The total general obligation indebtedness of the Issuer as of the Dated Date, including the Bonds being sold, is \$7,685,000.

**Approval of Bonds**

The Bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, Bond Counsel to the Issuer, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the Issuer, printed on the Bonds, and delivered to the successful bidder as and when the Bonds are delivered.

**Additional Information**

Additional information regarding the Bonds may be obtained from the undersigned, or from the Financial Advisor at the addresses set forth below:

Doc. No. 048311

State of Kansas

Office of the Governor

Executive Order No. 20-57  
Extending Conditional and Temporary Relief  
from Certain Motor Carrier Rules and Regulations  
During State of Disaster Emergency

**WHEREAS**, securing the health, safety, and economic well-being of residents of the State of Kansas is this Administration's top priority;

**WHEREAS**, Kansas is facing a crisis of economic insecurity resulting from a rapid increase in unemployment and lost wages;

**WHEREAS**, economic insecurity due to unemployment is a serious menace to the health, morals, and welfare of the people of Kansas, as expressed in K.S.A. 44-702 of the Kansas Employment Security Law;

**WHEREAS**, the economic recovery of Kansas is imperiled by the imminent threat of surges in COVID-19 infections in the State of Kansas as statewide restrictions on businesses and individual movement and gatherings are lifted—since May 15, 2020, fifteen counties in the State have for the first time issued an emergency declaration resulting from the pandemic, indicating a further threat to the State's economic recovery.

**WHEREAS**, on June 12, 2020, I executed Executive Order 20-45 extending conditional and temporary relief from certain motor carrier rules and regulations in response to the COVID-19 Pandemic, and the justifications for that Order are fully set forth therein and incorporated herein by reference;

**WHEREAS**, on July 13, 2020, the Federal Motor Carrier Safety Administration extended and modified its emergency declaration (No. 2020-002) regarding motor carrier regulations, leaving the declaration in effect until 11:59 p.m. (ET) on August 14, 2020;

**WHEREAS**, the operative provisions of Executive Order 20-45 were not only necessary to deal with the public health crisis caused by COVID-19 but are now also necessary to deal with the imminent threat of additional outbreaks of COVID-19 and the economic emergency resulting from COVID-19 in that the operative provisions provide relief for certain motor carriers and persons operating commercial vehicles from strict compliance with operating, licensing, certification, and permitting rules and regulations that might otherwise prevent these certain motor carriers and persons operating commercial vehicles from continuing operation in furtherance of commerce-related activities;

**WHEREAS**, continuing the operative provisions of Executive Order 20-45 minimizes the economic loss to commerce-related activities that would result if strict compliance with certain operating, licensing, certification, and permitting rules and regulations prevented motor carriers and persons operating commercial vehicles from continuing operation in furtherance of commerce-related activities; and

**WHEREAS**, this Administration will do whatever it can to assist Kansans in these challenging times, including ensuring that essential goods and supplies can be delivered as efficiently as possible while still maintaining adequate safety standards.

**NOW, THEREFORE**, pursuant to the authority vested in me as Governor of the State of Kansas, including but not limited to the authority granted me by K.S.A. 48-924 and K.S.A. 48-925(b), (c)(1), and (c)(11), in order to respond to the effects of the spread of COVID-19, cope with the effects of the pandemic both in Kansas and elsewhere, and to promote and secure the safety and protection of the civilian population, I hereby acknowledge a state of emergency exists in the United States and direct and order the following:

1. In accordance with the FMCSA's declaration under Title 49 C.F.R. § 390.23(a)(1)(i), Title 49 C.F.R. §§ 390-399 are hereby suspended for motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief or restoration efforts, except that 49 C.F.R. §§ 392.2, 392.3, 392.80, and 392.82 remain in effect.
2. Motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief and restoration efforts may haul up to 10% more than their licensed weight on Kansas highways, not to exceed 90,000 pounds.
3. All other applicable state and federal regulations shall continue to apply, including but not limited to: Title 49 C.F.R. Part 382, Controlled Substances and Alcohol Use and Testing; the Kansas Motor Vehicle Driver's License Act, K.S.A. 8-234 *et. seq.*, and Title 49 C.F.R. Part 383 Commercial Driver's License Standards as adopted by the Kansas Uniform Commercial Drivers' License Act, K.S.A. 8-2,125 *et. seq.*, the federal Minimum Levels of Financial Responsibility (insurance requirements) Title 49 C.F.R. Part 387 as adopted by K.A.R. 82-4-3n and state insurance requirements as provided in K.A.R. 82-4-23; and, adherence to the regulations governing the Transportation of Hazardous Materials as provided Title 49 C.F.R. 397 and adopted by K.A.R. 82-4-3k and Parts: 107, 171-173, 177, 178 and 180 as adopted by K.A.R. 82-4-20.
4. The licensing, certification, and permitting rules and regulations as required by the Kansas Corporation Commission are temporarily suspended for motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief or restoration efforts.
5. The registration and fuel tax permits as enforced by the Kansas Department of Revenue are temporarily

(continued)

suspended for motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief or restoration efforts.

6. Motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief or restoration efforts must still obtain the requisite over-dimension/overweight permits as required by the Kansas Department of Transportation prior to operating; however, the fees associated with these permits are temporarily waived.
7. Except as specifically stated in this order, all other state motor carrier laws or regulations remain in full force and effect.
8. This order supersedes any contrary order by any local health department regarding motor carriers and should be read in conjunction with previous executive orders responding to the COVID-19 pandemic. Any contrary provision in previous executive orders is superseded by this order.

This document shall be filed with the Secretary of State as Executive Order No. 20-57. It shall become effective immediately and remain in force until rescinded, until 11:59 p.m. on August 14, 2020, or until the statewide State of Disaster Emergency extended by House Bill 2016 enacted during the June 2020 special session relating to COVID-19 expires, whichever is earlier.

Dated July 14, 2020.

## State of Kansas

### Office of the Governor

#### Executive Order No. 20-59 Requiring COVID-19 Mitigation Procedures in K-12 Schools

**WHEREAS**, securing the health, safety, and economic well-being of residents of the State of Kansas is this Administration's top priority;

**WHEREAS**, Kansas is facing a crisis—the pandemic and public health emergency of COVID-19—resulting in illness, quarantines, school closures, and temporary closure of businesses resulting in lost wages and financial hardship to Kansas citizens;

**WHEREAS**, the United States Departments of Health and Human Services declared a public health emergency for COVID-19 beginning January 27, 2020, with now more than 3,698,000 cases of the illness and more than 139,000 deaths as a result of the illness across the United States;

**WHEREAS**, the World Health Organization declared a pandemic on March 11, 2020;

**WHEREAS**, a State of Disaster Emergency was proclaimed for the State of Kansas on March 12, 2020;

**WHEREAS**, on March 13, 2020, the President of the United States declared the ongoing COVID-19 pandemic of sufficient severity and magnitude to warrant an emer-

gency declaration for all states, tribes, territories, and the District of Columbia pursuant to Section 501 (b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121-5207 (the "Stafford Act");

**WHEREAS**, on March 13, 2020, the President of the United States pursuant to Sections 201 and 301 of the National Emergencies Act, 50 U.S.C. § 1601, et seq. and consistent with Section 1135 of the Social Security Act, as amended (42 U.S.C. § 1320b-5), declared a national emergency that the COVID-19 outbreak in the United States constitutes a national emergency beginning March 1, 2020;

**WHEREAS**, as of this date, in Kansas there have been 21,965 reported positive cases of COVID-19 spread among 102 counties, including 299 deaths;

**WHEREAS**, after a steady trend of decreasing metrics, recent weeks have seen the numbers of COVID-19 cases, hospitalizations, and deaths spike across the nation, including a significant increase in cases in Kansas;

**WHEREAS**, this worrying trend of increased COVID-19 spread is a danger to the health and safety of every Kansan, and also presents a serious threat to reopening and reviving the Kansas economy;

**WHEREAS**, the safety and health of teachers, administrators, and students will be unnecessarily imperiled if schools reopen without commonsense mitigation measures in place;

**WHEREAS**, schools and the people in them interact with every corner of our communities, making spread of COVID-19 in our schools likely to lead to broader community spread;

**WHEREAS**, wearing a mask, social distancing, washing hands, and checking temperatures are proven and simple methods of mitigating the spread of COVID-19;

**WHEREAS**, the State of Kansas must remain flexible to account for the evolving nature and scope of the unprecedented public health emergency posed by COVID-19, while also taking simple steps to give our schools the best chance of operating safely;

**WHEREAS**, for the aforementioned and other reasons, and in recognition and furtherance of my responsibility to provide for and ensure the health, safety, security, and welfare of the people of the State of Kansas, requiring simple spread mitigation measures in K-12 schools is necessary to promote and secure the safety and protection of the civilian population; and

**WHEREAS**, in these challenging times, this Administration will do whatever it can to avoid immediate dangers to the health, safety, and welfare of Kansans.

**NOW, THEREFORE**, pursuant to the authority vested in me as Governor of the State of Kansas, including the authority granted me by K.S.A 48-924 and K.S.A 48-925(b), (c)(1), and (c)(11), in order to ensure that K-12 schools can operate as safely as possible and mitigate the spread of COVID-19, I hereby direct and order the following:

1. K-12 public and private schools shall require all students, faculty, staff, vendors and other visitors to public or private K-12 school attendance centers

to cover their mouth and nose with a mask or other face covering at all times except as described below:

- a. While eating;
  - b. While working—other than to prepare food or meals—in a room or office that is (1) not open to students or visitors and (2) in which all individuals present can maintain a 6-foot distance from other individuals with only infrequent or incidental moments of closer proximity;
  - c. While engaged in an activity during which it is unsafe or impossible to wear a mask or other face covering;
  - d. Children who are not students and are 5 years of age or under—children age two years and under in particular should not wear a face covering because of the risk of suffocation;
  - e. Persons with a medical condition, mental health condition, or disability that prevents wearing a face covering—this includes persons with a medical condition for whom wearing a face covering could obstruct breathing or who are unconscious, incapacitated, or otherwise unable to remove a face covering without assistance;
  - f. Persons who are deaf or hard of hearing, or communicating with a person who is deaf or hard of hearing, where the ability to see the mouth is essential for communication;
  - g. Persons for whom wearing a face covering would create a risk to the person related to their work, as determined by local, state, or federal regulators or workplace safety guidelines; and
  - h. Persons engaged in any lawful activity during which wearing a mask or other face covering is prohibited by law.
2. Throughout all public or private K-12 school buildings or facilities individuals shall maintain a 6-foot distance from other individuals with only infrequent or incidental moments of closer proximity.
    - a. This requirement does not apply to in-person instruction in classrooms when masks or other face coverings are worn.
  3. Hand sanitizer shall be made available in all public or private K-12 classrooms and shall be made conveniently accessible throughout other areas of K-12 public or private school buildings or facilities. Students and faculty shall sanitize their hands at regular intervals throughout the school day and no less than once every hour.
  4. Individuals entering all public or private K-12 attendance centers shall have their temperatures checked before entering the building for the first time each day.
  5. Definitions:
    - a. “Mask or other face covering” means a covering of the nose and mouth that is secured to the head with ties, straps, or loops over the ears or is simply wrapped around the lower face. A mask or

other face covering can be made of a variety of synthetic and natural fabrics, including cotton, silk, or linen. Ideally, a mask or other face covering has two or more layers. A mask or other face covering may be factory-made, sewn by hand, or can be improvised from household items such as scarfs, bandanas, t-shirts, sweatshirts, or towels.

6. Nothing in this order shall restrict, limit, or supersede the Secretary of Health and Environment’s authority to make isolation, quarantine, or other orders as necessary to respond to escalating or worsening conditions in any local jurisdiction.
7. As currently permitted pursuant to state law, the Attorney General, county attorneys, and district attorneys enforcing this order should use their discretion and consider the totality of the circumstances as they determine appropriate enforcement actions.
8. This order should be read in conjunction with other executive orders responding to the COVID-19 pandemic that are still in effect and supersedes any contrary provisions of previous orders.

This document shall be filed with the Secretary of State as Executive Order No. 20-59. It shall become effective August 10, 2020, and remain in force until rescinded or until the statewide State of Disaster Emergency extended by House Bill 2016 enacted during the June 2020 special session relating to COVID-19 expires, whichever is earlier. This order may be extended or modified as circumstances dictate.

Dated July 20, 2020.

## State of Kansas

### Wildlife, Parks and Tourism Commission

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife, Parks and Tourism Commission at 6:30 p.m. Thursday, September 24, 2020, at Capitol Plaza Hotel, Emerald Meeting Rooms, 1717 SW Topeka Blvd., Topeka, Kansas, to consider the approval and adoption of the proposed regulations of the Kansas Department of Wildlife, Parks and Tourism.

A general discussion and workshop meeting on the business of the Wildlife, Parks and Tourism Commission will begin at 1:30 p.m. September 24, 2020 at the location listed above. The meeting will recess at approximately 5:00 p.m. and then resume at 6:30 p.m. at the same location for the regulatory hearing and more business. There will be public comment periods at the beginning of the afternoon and evening meeting for any issues not on the agenda and additional comment periods will be available during the meeting on agenda items. Old and new business may also be discussed at this time. If necessary to complete business matters, the Commission will

*(continued)*

reconvene at 9:00 a.m. September 25, 2020 at the location listed above.

Any individual with a disability may request accommodation in order to participate in the public meeting and may request the meeting materials in an accessible format. Requests for accommodation to participate in the meeting should be made at least five working days in advance of the meeting by contacting Sheila Kemmis, Commission Secretary, at 620-672-5911. Persons with a hearing impairment may call the Kansas Commission for the Deaf and Hard of Hearing at 1-800-432-0698 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulations.

All interested parties may submit written comments prior to the hearing to the Chairman of the Commission, Kansas Department of Wildlife, Parks and Tourism, 1020 S. Kansas Ave., Suite 200, Topeka, KS 66612 or to sheila.kemmis@ks.gov if electronically. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations. To provide all parties with an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

The regulations that will be heard during the regulatory hearing portion of the meeting is as follows:

**K.A.R. 115-14-12.** This permanent regulation establish-

es permits, applications, and examinations for falconry. The proposed changes would clean up and clarify language about apprentice falconers and possession and take of raptors.

**Economic Impact Summary:** No substantial economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-14-13.** This permanent regulation establishes facilities, equipment, care requirements and inspections for falconry. The proposed changes would reduce inspections for renewal falconry permits, unless a change of location of the primary facility occurs.

**Economic Impact Summary:** No substantial economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-14-14.** This regulation establishes taking, banding, and possessing raptors for falconry. The proposed changes would reduce permit requirements for residents and specify peregrine falcon requirements for taking from the wild.

**Economic Impact Summary:** No substantial economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

Copies of the complete text of each regulation and its respective economic impact statement may be obtained by writing the chairman of the Commission at the address above, electronically on the department's website at [www.ksoutdoors.com](http://www.ksoutdoors.com) or by calling 785-296-2281.
